Presents:

**Meg Kawan, MD, IBCLC, FAAP**

On:

## Promoting Exclusive Breastfeeding in the Hospital Setting: Implementing the Joint Commission Perinatal Care Core Measure on Exclusive Breastfeeding

The Southern Nevada Breastfeeding Coalition will host Dr. Meg Kawan for a discussion on Implementing the Joint Commission Perinatal Care Core Measure on Exclusive Breastfeeding

On:

Wednesday, May 19, 2010, from 6:00 pm to 7:00 pm at the University of Nevada Cooperative Extension (UNCE) building in Las Vegas, NV

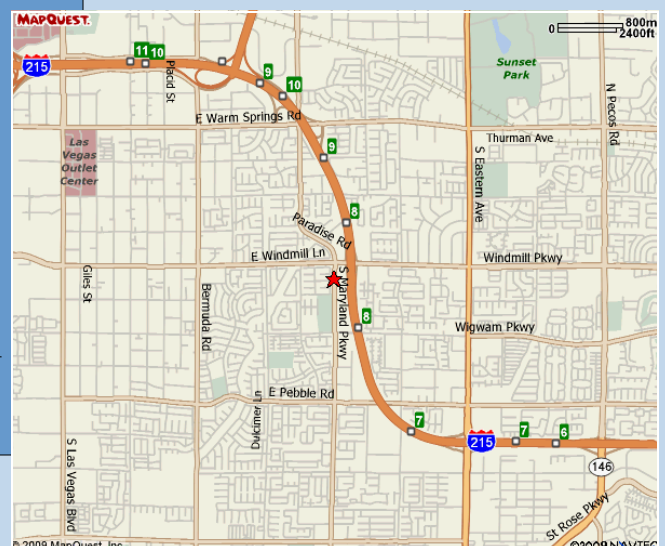

Dr. Kawan is a General Pediatrician, International Board Certified Lactation Consultant, and fellow of the American Academy of Pediatrics.

In February 2009, the Joint Commission's Pregnancy and Related Core Measure set was updated to include exclusive breast milk feeding as one of five core perinatal quality measures. The new perinatal core measure set became available for hospitals April 1, 2010. Dr. Kawan will address how hospitals may implement this new quality indicator, improve exclusive breastfeeding rates, and discuss evidenced-based practices for the promotion of breastfeeding in the hospital setting.

The Breastfeeding Taskforce of Nevada was formed to assist professionals and others who deal with counseling the breastfeeding woman. Our mission is to disseminate accurate information about breastfeeding, and promote breastfeeding as the norm for infant nutrition.

UNCE is located at 8050 S. Paradise Rd.  
Las Vegas, NV 89123

*Light Refreshments Provided. No RSVP Necessary.*
